

## Recycling Quality: Communications Recycling End Destination Markets

Note: The data in the attached tables significantly contributes to the countywide recycling rate published on the home page of [www.recycleforwestsussex.gov.uk](http://www.recycleforwestsussex.gov.uk). Further to the information published in these tables, there are other recyclable materials collected by our District and Borough partners at bring banks across West Sussex that are not reflected in these tables.

This table shows what has happened to the recycling collected from your home over the last year.
